

# TR5000-DT7

## Treadmill Desk (Electric Height Adjustment)

The TR5000-DT7 is our high-use treadmill desk built for those looking to walk for long periods throughout the day or use in community settings. The desk allows you to easily and conveniently adjust the desktop height with its electric height adjustment feature and includes memory support for two user settings. Unlike most of our other treadmill desks, the thicker walking belt requires little to no maintenance and belt lubrication.

### KEY FEATURES

- The desk allows users to easily and conveniently adjust the desktop height with its electric height adjustment feature and includes memory support for two user height settings.
- The built-in Intelli-Guard pauses the belt if you step off during your workout. When your foot no longer continuously strikes the belt surface for 20 seconds, your treadmill will automatically pause.
