

DOIT AIR SPINNER

Whether you are a beginner or a professional athlete, the Air Spinner is an excellent compromise for your complete fitness and according to your objectives.

PRODUCT SPECIFICATIONS

DISPLAY TYPE	LCD screen (battery-supported)
UNIT SIZE	133 x 72 x 142 cm
UNIT WEIGHT	85.5/ 106 KGs
MAX. USER WEIGHT	180 KGs

PRODUCT FEATURES

OTHER OPTIONS

Heart Rate Monitor Chest Strap

Key Features

1. Geometrical Structure design

The structure is geometrical design that inspired by road bike. We like to simulate the indoor training condition as similar as on the road.

2. Wide ranging adjustment to fit various user

By adjusting the seat post and handlebar height, every user could find their most ideal riding position. Thus, cycling will no longer limit on single bike or specific athletes.

3. Dual fan wheel with 11 level bilateral magnetic resistance

Air Spinner can offer versatile training by various resistance. From flat road to uphill climbing. From sprint to endurance training.

4. Ergonomic handlebar with quick release mechanism

In order to fit different user, quick release mechanism can move the ergonomic handlebar smoothly to accurate position for individual user.

5. Wireless console with Bluetooth and Ant+

Capable to connect with Kinomap, Zwift and etc. Avoid any kind of faulty cable issue during installation.
