

R Series

Arc Trainer

Effective, efficient and ideal for general exercisers, those looking for a challenging HIIT workout, and everything in between. The Arc Trainer® is offered in a total body design, for a wide range of exercisers, or lower body, which caters to exercisers focusing on power.

LOWER BODY OPTION

Stationary arms allow for exercisers to concentrate on powerful lower-body workouts.

FACILITY MANAGEMENT

Standard internet connection provides detailed equipment use information, exerciser insights and preventive maintenance alerts. Connection also enables remote equipment monitoring, which allows our knowledgeable technicians to alert you in the rare case of a problem, often before you know one exists.
