

DUAL ADJUSTABLE PULLEY

DT-512

The MH-115 Dual Adjustable Pulley is a versatile piece of strength training equipment that offers a wide range of exercise options. Its user-defined paths of motion allow for endless variations that help to build balance, stability, and power. The 11-gauge steel frame provides maximum structural integrity, while the premium-grade pop springs make adjustments quick and easy. This equipment offers a level of training versatility that is beyond the imagination of most trainers.
